Hanna Jonsson

2. Members

We have reached 1449 members, which we are very happy about! Starting from 1422 members, we have gained another 27.

3. Financial year Spring 2023

This section presents events that have happened during the financial period 1 January - 28 February 2023, the alumni network, financial status, and sponsor activities.

3.1 Events during the period

3.1.1 Women in Innovation

On the 9th of February we had a lunch lecture together with Volvo Group Trucks Technology. We offered lunch to the attendants which was appreciated.

3.1.2 Annual meeting

The Annual Meeting for 2023 was held on the 11th of February where the new board was elected and presented.

3.2 Gatherings

Last year's Annual Meeting was held in HA2 at Campus Johanneberg on the 11th of February. The board has held weekly meetings every week during the period, with exception during holidays and during exam periods. Event managers have also had weekly meetings to plan for events. We have a shared room with JämK in the Student Union, where we have a standing reservation on Mondays for lunch meetings.

3.3 Marketing

The board has continued with marketing on different channels, such as Instagram, Facebook, LinkedIn, and our webpage.

4. Financial status

Due to our transition from a calendar year to a broken fiscal year, the year of 2023 will be divided into two separate fiscal periods. During the first period from 1 January 2023 to 28 February 2023, our financial activities resulted in a net result of 7966,75 SEK. The upcoming fiscal year will cover the period of 1 Mars 2023 to 29 February 2024.

As a non-profit organization, our goal for the upcoming fiscal year is to arrive at a negative result. This was also outlined in the budget for 2023 presented at our last annual meeting. With this goal in mind, we strive to provide our members with a wide range of activities and events across our three core areas: social, business, and academia.

5. Sponsors

During the period we have had a continued collaboration agreement with McKinsey & Company as our main sponsor. In addition, we have had a collaboration with Volvo Group Trucks Technology to explore further partnership possibilities.
